

RECOMMENDATION of the Concerned Conservator of Forests

Proposed Diversion of Forest Land over 72.23 ha for “Construction of two lane with paved shoulder of Mandeu-Jiri River Section from 80.630 Km to 96.870 Km of Tamenglong-Mahur Road (Package – 6) in the State of Manipur on EPC Mode” by the NHIDCL.

Considering the poor road connectivity especially during the rainy season because of lack of good motorable road, the proposed project will be a lifeline for villagers inhabiting in the area. The project involved minimum tree felling and no significant adverse impact on the existing eco-system is anticipated. The proposed area is the barest minimum and for public utility. Therefore, the project is recommended for consideration.

Hence, the proposal is recommended for clearance under Section 2 of the Forest (Conservation) Act, 1980.
