

JUSTIFICATION FOR LOCATING THE PROJECT IN THE FOREST AREA

As per the record available with revenue Department no Government land is available in Solang Nalla area, therefore the use of Forest land is inevitable . Since most of the tourist activities are continued to Solang Nalla area as this place is the most sought after tourist destination. As the tourist season starts in the month of March-April firstly Solang Nalla becomes a snow point for the tourists. Therefore ample parking space and public conveniences are required in Solang Nalla area.

With the outset of summer season Solang Nalla becomes the second snow point. According to a conservation estimate, during the peak tourist season approximately 1500-2000 taxis go to Solang Nalla & near Atal Rohtang Tunnel (South Portal) area daily, Keeping in view this fact, there is requirement of construction of Plaza, selfie point/ Sitting Area, Landscaping Area & Parking of vehicles near Atal Rohtang Tunnel (South Portal), Teshsil Manali, Distt. Kullu HP.

In view of the above said facts it is apparent that no Government land is available in near Atal Rohtang Tunnel (South Portal) area. Therefore locating this project/activities in the forest land is indispensable.
