

**FIELD INSPECTION NOTES OF SRI K. DAMODAR REDDY, S.F.S.,  
FOREST DIVISIONAL OFFICER, KINNERASANI WILD LIFE DIVISION.**

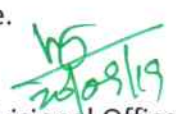

**Date: 20.09.2019.**

Inspected the 18.62 ha. land in Sy. Nos. 28, situated at Ulavachelka Village, Allapally Mandal, an enclosure in Markode RF, located within the limits of Rangapuram beat, Padigapuram Section, Regalla Range of Kinnerasani Wild life Division proposed by the Bhadradi Thermal Power Station, Manuguru towards Compensatory Afforestation land in lieu of forest land proposed to be diverted over an extent of 25.8435 Ha. in Kondapur Ext-IV, Kondapur, Peddipally and Kondaigudem Reserve Forests of Manuguru Range of Manuguru Division for laying of Railway line from Manuguru Railway station to BTPS, Manuguru. The Assistant Engineer, BTPS; Forest Range Officer, Regalla and staff concerned are present during the inspection.

The following are the observations made during the inspection.

1. DGPS survey has been done for the said land and map is prepared which is produced during the inspection. Test checked the geo-graphical coordinates of certain stations of the land and found tallied.
2. The topography of the land is plain with red & sandy soils consisting tree growth with species like Tuniki, Kodisa, Pala, Chennangi, Barriduddi, Palakodisa, Ippa etc.,
3. The land is already under the control and management of the Forest Department and one Base camp has been constructed to ensure effective protection of the forest cover and one grass plot of 4.0 ha. area has been laid and two saucer pits have been constructed towards wildlife habitat improvement.

In general the site is most suitable for management as it is and no afforestation work can be taken up. Instead, compensatory afforestation being proposed in degraded forest land in Compt.No.14, Markode RF/ Beat, Markode Section, Regalla Range.

  
Forest Divisional Officer,  
Kinnerasani Wild life Division,  
Paloncha.
