Sub: Proposal No FP/WB/OFC/121290/2021 for Diversion of Forest Land for laying of OFC cable.

Old Ref No: RJIL/ SCO/ KHUN-KUM/LET/02 dated 7<sup>th</sup> Sep 2022

Dear Madam,

In reference to the EDS dated 15.12.22 as raised by the DFO Kalimpong Forest Division (for 3 Km) regarding laying of OFC along the road from Jaldhaka river bridge to khumani via khunia more within a stretch of 14.5 Km, we have submitted an undertaking vide ref no **RJIL/ SCO/ KHUN-KUM/LET/02 dated 7<sup>th</sup> Sep 2022** in replying EDS that laying of OFC will be carried out following underground methodology along the extended width of the said road under Project Swastik.

There was a meeting held in the chamber of DFO Jalpaiguri where representative of Swastik was present who is looking after the project. After discussion, we assured him that laying of OFC will be done at a distance of 10 Mtr from the edge of extended Road via underground methodology.

As we are not aware of the actual width of the extended road, however we are once again giving undertaking that our laying of OFC will be done underground at a depth of 1.65 Mtrs at a distance of 10 Mtrs from the Edge of the actual extended road.

There is no requirement of providing alternate geo ref copy as it is not overlapping with Project Swastik upcoming Work.

Hope this will satisfy all the queries raised in EDS.

Thanking You,
