

Diversion of 0.0251 ha. of forest land for access of existing retail outlet (Petrol Pump) of HPCL on Hisar - Barwala Road (NH-65) at Village Barwala near km. Stone 165 Distt. Hisar, under forest- Division & Distt. Hisar Haryana.

Penalty for violation as per provisions of Sr. No. ii (a) Para 1.21 Chapter – 1 of Handbook of Forest (Conservation) Act 1980 and Forest Conservation Rules, 2003 (Guidelines & Clarifications) – 2019. The penalty for violation shall be equal to NPV of forest land per hectare for each year of violation from the date of actual diversion as reported by the inspecting officer with maximum upto Five (5) times the NPV plus 12 percent simple interest till the deposit is made.

Actual NPV of the Case i.e NPV of the forest land to be diverted = **22264.00**

Period of violation : From 01-04-2004 to 30-11-2021 = **6084** (Number of days under violation)

Calculation for amount of NPV for penalty/violation

Actual NPV of case x Period of violation i.e number of days under violation/365 =(It is the amount of NPV for penalty/violation) $22264 \times 6084 / 365 = 371107$ (for 6084 days)

But maximum limit of penalty is five time of NPV, So the amount of penalty is :

$22264 \times 5 = 111320$ (for five years) applicable in this proposal

Simple Interest @ 12% p.a

Amount of NPV for penalty/violation x 12 x number of days under violation / 365/100 =(It is amount of Penalty for violation) $111320 \times 12 \times 6084 / 365 / 100 = 222664$

Total amount of Penalty for violation

Amount of NPV for penalty/violation + Amount of Interest =(It is total amount of penalty for violation)

$111320 + 222664 = 333984.00$
