

## **"JOINT INSPECTION REPORT"**

The Joint Inspection of the sites for diversion of 0.750 hectare of forest land under the jurisdiction of MC Dalhousie for construction of parking place near Subhash Chowk in ward No. 3-GPO , Dalhousie has been done on 18-10-2021 by the committee of undersigned Officers.

Dalhousie town is surrounded on all sides by dense Forest of Deodar, Chil and Oak . Even within the town almost all the vacant area is wooded and categorized as forest which is under the jurisdiction of MC Dalhousie. Hence there is huge rush and problem of parking are faced by tourists and the local people during tourist season and there is no non forest area available for the construction of parking. Keeping in view the actuate traffic congestion in Dalhousie Town it is imperative o develop parking sites at different location on the town to ease out the chocking of roads during tourist season when there is large influx of vehicles in the town. Hence the location of this parking place also become somewhat site specific and has also to be connected by roads. The proposed these sites explored for the construction of parking full fills the above sitting parameters and is in forest area which is in the control of MC Dalhousie.

The proposed site I bearing **Khasra No. 1015/1 revenue Mohall Moti Tibba, Dalhousie measuring 0.750 hectare** and involving felling of 8 Nos trees , has been done by the inspected by the committee consisting of the undersigned officers this parking place having capacity of approximate 70 vehicles.

Besides the site II bearing Khasra No. 994revenue Mohall Moti Tibba , Dalhousie measuring 0.800 hectare and 20 Nos of trees coming in this site and site III bearing Khasra No. 1016 measuring 0.987 hectare and 24 Nos of trees coming in this site in revenue Mohall Moti Tibba , Dalhousie sites has been also inspected by the committee and the joint Inspection Committee rejected these site II and III as there are many green trees are standing over these sites and tree growth is even denser.

Therefore, the joint Inspection Committee is of the view that there is no escape for using forest land for the purpose. Hence the joint inspection committee therefore recommends the site I bearing Khasra No. 1015/1 measuring 0.750 hectare for the construction of parking in Municipal Council area Dalhousie.
