

## FORM - 'A'

Form for seeking prior approval under section 2 of the proposals by the  
State Governments and other authorities  
(Forest (Conservation) Act, 1980)

### PART - I (to be filled up by user agency)

1. Project details:

(i) Short narrative of the proposal and project/scheme for which the forest land is required.

- With the newly constructed roads making Khamdong area easily accessible and well connected, the future plans of Khamdong has a potential to prosper with developmental plans, such as the establishment/construction of National Institute of Technology (NIT) in the coming days. We are also likely to witness the growth in waste generation. These wastes if not managed properly can have a catastrophic effect which may not only hamper the environment but also all life forms and if managed properly, these can be transformed into income generating resources through recycle & reuse processes.

Hence, the proposal and project/scheme is required to get prepared and tackle the growing waste management problem.

(ii) Map showing the required forest land, boundary of adjoining forest on a 1:50,000 Scale map.

- Enclosed.

(iii) Cost of the project.

- NA.

(iv) Justification for locating the project in forest area.

- The proposed forest land at Elaichi Khola under Dung-Dung Thasa GPU is found to be an ideal location for undertaking the project, as it is an isolated place away from human settlement. It is also easily accessible due to its proximity to NH10 (highway connecting the North District with other parts of the State). Further, it also has the availability/access to power supply and water source that is required to run & manage the project.

(v) Cost-benefit analysis (to be enclosed).

(vi) Employment likely to be generated.

- In order for the project to function efficiently, manpower is required. It requires both administrative and technical support and this in turn will generate employment.

2. Purpose-wise break-up of the total land required:

-

3. Details of displacement of people due to the project, if any:

(i) Number of families:

-

(ii) Number of Scheduled Castes/Scheduled Tribe families:

-

(iii) Rehabilitation plan. (to be enclosed).

-

4. Whether clearance under Environment (Protection) Act, 1986 required? (Yes/No).

-

5. Undertaking to bear the cost of raising and maintenance of compensatory afforestation and/or penal compensatory afforestation as well as cost for protection and regeneration of Safety Zone, etc. as per the scheme prepared by the State Government (undertaking to be enclosed).

-

6. Details of Certificates/documents enclosed as required under the instructions.

-
