

**APPENDIX
(See Rule 6)
FORM - 'A'**

**Form for seeking prior approval under section 2 of the proposals by the
state Government and other authorities.**

**PART-1
(to be filled by the user agency)**

1.	Project Details	:	
i)	Short narrative of the proposals and project scheme for which the forest land is required.	:	<p>The Deputy Director of Mines and Geology, Nizamabad (DDMG, Nzb) vide Proceedings No 1117/QL/SDPT/2016, dt.25.04.2018 has granted quarry lease for Stone & Road in favour of M/s GMR Rock Sand over an extent of 3.00 Ha in Sy.No. 89/AA1 (P.L) of Baswaput Village, Mulugu Mandal, Siddipet District for a period of (15) years.</p> <p>Based on the above orders of the DDMG, Nzb, the Asst Director of Mines and Geology, Siddipet has executed quarry lease deed & also issued work orders vide Proce No 1783/QL/2014, dt.09.05.2018 for a period of 15 years w.e.f. 09.05.2018 to 08.05.2033.</p> <p>The District Level Environment Impact Assessment Authority, Siddipet vide Order No D3/2700/DEIAA-EC/Sdpt/20174, dt.27.03.2018 has issued environmental clearance to the subject project and the Telangana State Pollution Board has also issued consent for establishment of the said quarry lease.</p> <p>For making end products we have established a crusher unit adjacent to the quarry lease in Sy.No.89/B of Baswapur Village of Mulug Mandal of Siddipet District. Relevant documents of the registration is enclosed herewith.</p> <p>The above quarry lease and crushers units are falling in Baswapur Revenue Village limits and it is outside the Reserve Forest Area. As on date, we are using the existing road which is passing all along the boundary (completely at the end and boarder line) of Dasarlapalli RF of Siddipet Forest Division to reach the quarry lease and crushers units and also transportation of quarry & crushed material to nearyby Mandal Head Quarters. The said road has also been used by villagers of Dasarlapalli and Baswapur Villages to reach their agriculture lands and also to transport agriculture products to nearby markets.</p> <p>Due to the recently excavated trench/pit all along the boundary of the Reserve Forest by the Forest Department we were not able to reach the quarry</p>

		<p>site, and on account of which we are severely affected both financially & mentally, and the work-force who are working in the project since this pandemic time has also affected badly.</p> <p>In continuation to the Reserve forest there are "Assigned" lands which were given to the weaker sections by the Government and those lands are barred from sale /alienating to third parties, under sub-section 2 of Section 3 of TS Assigned Land (Prohibition of Transfers, Act 1977).</p> <p>We have explored all alternatives for formation of road through non-forest land & we do not have any alternative approach road to reach the quarry lease site, except for formation of road through Forest Area, which was in use earlier also.</p> <p>Rather than raising any debate & maintaining a distance from any lawful complications, we are proposing applying diversion of forest land under relevant Acts and Rules, we are submitting a proposal for diversion of forest land for 0.9042 Ha (475.93 M in length * 19 M in width).</p>
ii)	Map showing the required forest land boundary of adjoining forest on a 1,50,000 scale map	<p>: Enlarged portion of original Map in SI sheet showing the location of the road proposed for formation is enclosed.</p> <p>DGPS surveyed map duly authenticated by the Geomatics cell of Prl. Chief Conservator of Forests office vide PCCF Lr.No: Rc.No.16023/2021/FCA6, Dt:25.11.2021 is enclosed.</p> <p>Further, in accordance to the actual requirement on ground, we are restricting the width of road proposed for diversion to 19.00 Mtrs only, to that of initially proposed 23.00 Mtrs.</p>
iii)	Cost of the Project	<p>: Cost of the project includes the amount to be paid to forest department towards compensation for the land we have sought to be utilized such as Net Present Value, Construction of boundary pillars etc.</p>
iv)	Justification for locating the project in forest area	<p>: Full justification is mentioned against item no 1 (i) above.</p>
v)	Cost – benefit analysis (to be enclosed)	<p>: Cost Benefit (CB) analysis doesn't arise, as the area proposed for diversion is less than 5.00 ha.</p>
vi)	Employment likely to be generated	<p>: Daily employment to the labour as required depending on the activities proposed to be taken up in the quarry lease project.</p>

2.	Purpose wise breakup of the total land required	:	For formation of approach road of 0.9042 Ha is required 475.93 M in length * 19 M in width.
3.	Details of displacement of people due to the project if any.	:	-NIL-
i)	Number of families	:	-NIL-
ii)	Number of Scheduled castes / scheduled tribe families	:	-NIL-
iii)	Rehabilitation plan (to be enclosed)	:	-NIL-
4.	Whether clearance under environment (Protection) act, 1986 required?	:	-NIL-
5.	Undertaking to bear the cost of raising and maintenance of Compensatory Afforestation and / or penal Compensatory Afforestation as well as cost for protection and regeneration of safety zone etc., as per the scheme prepared by the state Government (undertaking to be enclosed)	:	Required undertakings are enclosed along with the proposals.
6.	Details of certificates / documents enclosed as required under the instruction.	:	<ol style="list-style-type: none"> 1. Undertaking to bear the cost of NPV 2. Undertaking to bear the cost of Addl. NPV. 3. Undertaking to bear the cost towards Compensatory Afforestation charges. 4. Enlarged original Map in SI sheet showing the location of the road proposed for formation passing through Reserve Forest area is enclosed. 5. DGPS surveyed map duly authenticated by the Geomatics cell of Prl. Chief Conservator of Forests office is also enclosed. 6. Permission accorded by Mines Department / Pollution Control board clearances / District Level Environment Impact Assessment Authority, Siddipet are enclosed.
