Subject: Demand Note for Diversion of 14.55.10Ha. Forest Land for Non Forest Use.

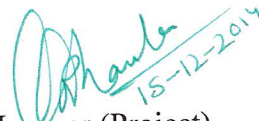

The Himachal Pradesh Power Transmission Corporation Limited going to construct the 132KV Double Circuit Transmission Line from Tangnu-Romai HEP to 66/132/220KV Pooling Station Sunda (Chirgaon) Tehsil Chirgaon District Shimla (HP) for evacuation of power from Tangnu-Romai HEP, Chirgaon The Line shall pass through Private and Govt. /Forest land. The complete Forest Clearance case has been prepared for proposed 132KV Double Circuit Transmission Line from Tangnu-Romai HEP to 66/132/220KV Pooling Station Sunda (Chirgaon) Tehsil Chirgaon District Shimla (HP) (11.753KM).

The Right of Way for the Transmission Lines has been taken as per guidelines circulated by Ministry of Environment and Forests vide F No7-25/2012-FC dated 05th May 2014. Therefore, the maximum width of ROW has been proposed i.e. 27Mtr for 132KV Line to maintain the required clearances from trees as per Indian Electricity Rules 1956 and besides this, the full body extensions for raising the heights of Towers have been proposed on the required points for obtaining the clearances from trees. Therefore, total 31.73.31Ha. Land shall come under the ROW for the Transmission Lines out of which 17.18.21 Ha is the Private Land and only **14.55.10Ha.** shall be Forest/Govt. land required to be diverted for non forest use.

Since the Transmission Line is a Linear Project and Govt./ Pvt. Land is traversed through such that it is not possible to avoid the Govt. /Forest land, however, the efforts have been made to use barest minimum forest land and minimum number of forest trees to be felled.

Therefore, **14.55.10Ha.** Forest Land may please be diverted for Non Forest use (for const. of 132KV D/C Transmission Line (as above)
Submitted for kind consideration of Divisional Forest Officer, Rohru.

Yours faithfully,
