1	The reason for not including this proposal in the initial original proposal shall be submitted.	There were no PMC & DDC working at That time. After their nomination they examined proposal and suggested the execution of this transmission line that is why it was not included in the original proposal.
2	Details of all the components i.e tower shall be mentioned at para B2.4 in part 1.	Appropriate corrections have been applied
3	Date shall be mentioned on the proceedings of the SDLC meeting	Though the date: 07.03.2022 has been mentioned on the second page of SDLC. However, same has been also applied on first page and uploaded. Attached is for your kind considerations.
4	Proceedings of Village Level Committee (VLC) meeting of village 'Gular' are not uploaded. However, the same could be submitted prior to the Stage-II approval.	The proposed transmission line is passing through only 3 villages namely: Chameli, Timli and Bavani. Though the title of project is kept as Gullar to Shivpuri, keeping in mind famous locality in nearby. Moreover, As per MoEF&CC G.O.I. vide guide line issue by letter no.F.no. 11-9/98-FC (pt.) dated 05.feb 2013, linear projects has been exempted from obtaining Gram Sabha NOC. However, if suggest further, would submit the same as suggested.
5	The total length of the project is 260 meters. The width in forest land required for the project is proposed in the range of in to 50m. As per the	It is clarified that project proposal length is 8400 meter and width is kept constant 2 meter throughout the alignment. It is our understanding that the width of 15

	<p>guidelines, the width of right of way for 33 KV transmission lines is to be considered as 15 m. Hence, State Govt. is requested to submit the justification for the same and the user agency revise the requirement of width in forest land to a minimum requirement of 15m. The number of trees affected, CA area etc. shall also be revised accordingly and uploaded at designated places.</p>	<p>meter for 33 KV transmission line is maximum width. In this regard, we would like you to refer to proposal no: FP/UK/TRANS/36388/2018 and FP/UK/TRANS/21116/2016, both the proposal is for 33 KV where the proposed or taken width is 2 meter and 3 meter respectively and both proposal has been approved by MoEF&CC, GoI. A copy of "Length and Width Certificate", "In-Principle Approval", and "Final Approval" for each of the above proposal no has been annexed for kind reference.</p> <p>Further, emphasis has given to minimum forest land acquisition and minimal disturbance.</p>
6	<p>Total 585 trees are proposed to be affected. However, it is mentioned in प्रपत्र 21 that no tree felling shall be involved in the proposal, State Govt. is requested to submit a list of the trees proposed for lopping separately</p>	<p>We would request DFO office to take an appropriate action and advise us.</p>
7	<p>As per the DSS analyses CA area, I ha is found to be MDF DFO shall inspect the area and submit Site Inspection Report & if the area is found suitable for planting 1000 Trees a certificate mentioning 1000 Trees per hectare can be accommodated in the said area shall be submitted by the DFO. If then the area shall be replaced by same other area suitable for raising CA</p>	<p>We would request DFO office to take an appropriate action and advise us.</p>
8	<p>Administrative approval is not found uploaded State Govt. is requested to submit the administrative approval of the project</p>	<p>Appropriate correction has been made. A Copy of the same has been annexed for kind reference.</p>
