

## Joint Inspection Report

Joint inspection of site for diversion of 01-51-91 hect. Of Govt./forest land for construction of Sub Jail Rampur distt. Shimla at Shingla chak under the jurisdiction of Rampur Tehsil, distt. Shimla was done on 24/07/2017

Two possible alignments/site were proposed by the user agency for c/o Sub Jail Rampur distt. Shimla, Both these site comprises Govt./forest land site no. 1 involve 01-51-91 hect. Of Govt./forest and 170 saplings, 41 trees of different species are involved for removal. In the site no. 2 involve 01-91-95 hect. Of govt./forest land involved for diversion and 230 saplings, 90 trees of different species are involved for removal. Keeping in view of the minimum area and less felling of trees, joint inspection committee is of the view that diversion of land coming in the site no. 1 involve less forest land and entails less felling of trees and there are govt./forest land interspersed in both the alignments there is no scope for avoidance of govt./forest land and diversion of 01-51-91 hect. Of Govt./forest is bare minimum and can not be escaped.

The joint inspection committee therefore recommends that the govt./forest land measuring 01-51-91 hect. Coming in the alignment no. 1 as detailed in check list -6 enclosed as annexure-I in the under forest (conservation) act 1980 for c/o Sub Jail Rampur distt. Shimla. There is no natural water resource, cremation ground, common propose infrastructure in the proposed alignment of the land.

Place: Rampur
