Upload revised justification with clarification on the above issues.	22 Nov 2018	
4	C.(i)- Uploaded Kml. file it appears that outer boundary of Kml. still not covers the entire area under the current occupancy of this project, apart from that the area calculated on the basis of uploaded Kml. is not matching with applied area. Please clarify. D.- Revised justification with clarification of issues raised earlier on C.(ii) was not submitted.
