Dear Sir,

In respect of requisite clearance from your department ,the proposal for Diversion of Forest (Mangroves) land for Construction of Balkum to Gaimukh DP Road (hereafter called as "Project") was submitted on 28th October 2021. Accordingly the project site was jointly visited on date 25<sup>th</sup> August 2022 and Certain clarification and justification were sought from the TMC with respect to proposed road alignment (hereafter called as "Alignment") In this regard, TMC had submitted the clarification to the raised query vide reference letter no 2.

Joint ground survey of the project site with Range Forest officer (Thane-Bhiwandi) MMCU and TMC official has been carried out for the alignment submitted. The additional mangrove which was not shown in the MRSAC Map has been identified as new mangrove area 0.6054 Ha in joint ground survey for the same alignment.

Also as per concrete pillar post on ground survey marking for the same alignment there is increase of 1.6176 Ha mangroves area in the road alignment in addition to the new mangrove noted above which is not reflected on MRSAC map. Hence the total revised forest mangroves area for Diversion of Forest (Mangroves) land to this "Project" under Forest Conservation Act will be from 10.0377 Ha. to 12.2607 Ha with additional of the new mangroves on ground for the same alignment which was submitted in previous proposal.

Accordingly, TMC is submitting the revised forest Diversion proposal of 12.2607 Ha Forest (Mangroves) for Construction of Balkum to Gaimukh DP Road (NH 3 Connector; Ghodbunder By-Pass) by Thane Municipal Corporation (TMC)

In view of the above, it is request to process and sanction the forest clearance proposal at earliest.

Thanking You,
