To,
The Divisional Forest Officer,
Belagavi.
Respected Sir,

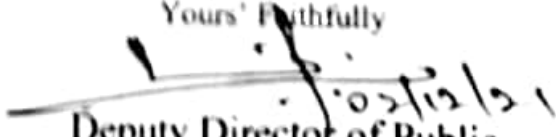

We have explained various alternatives for this project as detailed below:

- I. **Alternative 1:** Falls in private property Sy No.48, there are so many houses are already constructed and agriculture land also located although, we are requested the local farmers to given the land for us for construct school but they are not ready given the land because they are cultivating the land for daily bread. As the agriculture is the only income source and there is no other source of income. Hence they are not ready to sale or donate the land.
- II. **Alternative 2:** Falls in private property Sy No. 47, fully covered by agriculture land although, we are requested the local farmers to given the land forus for construct school but they are also not ready given the land because they are cultivating the land for daily bread. As the agriculture is the only income source and there is no other source of income. Hence they are not ready to sale or donate the land.

Therefore, the proposal has been finalized for the construction of school building in the forest area currently proposed and there is no trees are feeling in the proposed area.

Thanking You,

Yours' Faithfully
