No.DCE/SRTDT/Kochi Lines Package/2021-22/2748

Date: 08.12.2021

To,

**The Divisional Forest Officer  
Kothamangalam Division  
Kothamangalam**

Sir,

Sub: Diversion of forest land from location KP 41A to KP 42 – Up-gradation of Pallivasal –  
Aluva line to 220kV-reg:-

- Ref: - 1. Proposal No. FP/KL/TRANS/26407/2017  
2. That Office Letter No. A3-3385/2021 dated 28.06.2021  
3. Query No. 05 Dated 29.11.2021 of that office.

As per the ref(3) cited above, I am forwarding here with the KML file showing the Right of Way of the old 66kV Pallivasal-Aluva line and upgraded 220kV Pallivasal-Aluva line. During the up gradation of the line, the Centre line of the new line was shifted 2mtrs. towards the side of 66kV Pallivasal-Kothamangalam line which is passing in parallel in between locations KP 42 and KP 41A..So the Right of Way of the old 18metre 66kV line and 22metre new upgraded line is the same along the forest side.

Hence for widening the Right of Way of the upgraded line from 18 metres to 22 metres no diversion of forest land required in these areas.

It is requested that the proposal may be recommended.

Yours faithfully,

  
**Deputy Chief Engineer**
