

RECOMMENDATION of the concerned Conservator of Forests

*Proposed diversion of forest land over 5.5 ha for " Quarrying of Murum and shaly slaty Earth at Lhongchin village by M/s Noren Enterprises, Brahmapur Nahabam, Imphal ".*

While observing the recommendation made by the DFO: Bishnupur, it is found to be self contained and agreeable. The need to have a quarry to cater to the various developmental projects and Schemes in improving the infrastructural development of the State is indispensable. The project involved minimum tree felling and no significant adverse impact on the existing eco-system is anticipated. The proposed area is the barest minimum and for public utility.

Hence, the proposal is recommended for clearance under section 2 of the Forest ( Conservation ) Act, 1980.
