

RECOMMENDATION

This office has received a proposal from *M/s. Amalgam Steel & Power Ltd.*, Kandra, located in the Saraikela-Kharsawan district. The user agency has applied under the Forest (Conservation) Act, 1980 for diversion of **34.83 hectares (86.07 acres)** of forest land for the proposed expansion of their existing **0.221 MTPA Integrated Steel Plant to a 1.0 MTPA Integrated Steel Plant** (FDP Proposal No. **FP/JH/IND/116046/2020**).

The proposed expansion is expected to contribute significantly to the government treasury through revenue generation. Furthermore, it will create direct and indirect employment opportunities for local residents, thereby addressing the issue of unemployment and contributing to the overall socio-economic development of the region.

In addition, the proponent is committed to **Corporate Social Responsibility (CSR)** initiatives, which will be further beneficial to the local community and promote social welfare.

In view of the anticipated economic, social and developmental benefits, this proposal is recommend to be accepted by competent authority. .
