

SITE INSPECTION REPORT

The Site Inspection for the proposal for Diversion of Forest Land for the purpose of Oil Flow Line for Oil Exploration - KSAG to KSAB by Oil and Natural Gas Corporation Ltd., (ONGC) in Doyang RF under Golaghat Forest Division was carried out by the undersigned on 10.02.2018. During the inspection, it was found that the Forest Land required by the User Agency is 1.44 Ha. The proposed Oil Flow Line for Oil Exploration is selected on the open Reserve Forest where the density of the Forest is nil and thereby requiring no felling of trees and disturbance to the Wildlife will be nil. The requirement of the Forest land is unavoidable and barest minimum for the Project. The area proposed for diversion does not form part of any Wildlife Sanctuary. The area has no importance from protected archaeological point of view and there is no heritage site/ defence establishment or any other important monument along the area proposed for Diversion.
