

Recommendation of the Conservator of Forests

{Diversion of 0.37 hectare of forest land in Langol RF for construction of Water Supply Scheme at Lamlongei under Central Forest Division by the Department of Minority Affairs, Government of Manipur }

Considering the need for supply of drinking water to surrounding peoples and also the proposed site is on a hill top, the proposal of the User Agency for diversion of 0.37 Hectare forest land in Langol RF is recommended with the following conditions:

- a) The User Agency shall demarcate the diverted area by erecting boundary pillars.
- b) User Agency shall pay costs of extraction of the trees to be affected.
- c) Protection walls/Retaining walls shall be constructed at the project costs at vulnerable points to prevent land slide and soil erosion.
