

**SITE INSPECTION REPORT OF DEPUTY DIRECTOR, SRIVILLIPUTHUR -
MEGAMALAI TIGER RESERVE (SMTR), SRIVILLIPUTHUR**

I inspected the area proposed for diversion on 09.02.2022 along with Forest Range Officer, Saptur; Forester (Saptur section) and one forest guard (Mallapuram beat). The area requested by user agency for laying of optical fibre cable (OFC) along the road side from Muthalamparai Village to Mallapuram Village through Mallapuram beat forest area in Saptur Reserved Forest for a length of 6.23 Km.

1. ECOLOGICAL IMPORTANCE OF THE PROPOSED SITE FOR DIVERSION

- a. Part of Srivilliputhur-Megamalai Tiger Reserve
- b. Part of Agasthiyar Biosphere Landscape
- c. Part of elephant reserve No. 7
- d. Erstwhile Grizzled Squirrel Wildlife Sanctuary

2. AREA DESCRIPTION AND ITS IMPORTANCE

The entire project falls inside the Mallapuram beat of Saptur RF all along Mallapuram – Mayiladumparai road for which right is admitted as per government letter number G.O. (Ms) No. 14 dated 08.02.2021. The road passes through the buffer area of the Tiger which involves both Sanctuary and non-sanctuary area. The OFC passes through Sanctuary area for a distance of 4.3 km and in non-sanctuary area for remaining 0.7 km (Map 1). Several minor seasonal streams cross the road and there are some huge rocks are also present in some places (Table 2). The proposed site has several endangered wildlife species (Table 1).

Table 1. List of important fauna found in Mallapuram beat

Sl. no	Species	Schedule in Wildlife Protection Act	IUCN conservation Status
1.	Grizzled Giant Squirrel	Schedule I (Part I)	Vulnerable
2.	Common Langur	Schedule II (part I)	Least concern
3.	Leopard	Schedule I (Part I)	Vulnerable
4.	Slender Loris	Schedule I (Part I)	Endangered
5.	Indian Gaur	Schedule I (Part I)	Vulnerable
6.	Sambar	Schedule III	Vulnerable
7.	Chital	Schedule III	Least concern
8.	Jungle Cat	Schedule II (Part I)	Not applicable
9.	Small Indian Civet	Schedule II (Part I)	Least concern
10.	Common Plam Civet	Schedule II (Part I)	Least concern
11.	Brown Palm Civet	Schedule II (Part I)	Least concern
12.	Common Mangoose	Schedule II (Part I)	Least concern

13.	Sloth Bear	Schedule I (Part I)	Vulnerable
14.	Ruddy mongoose	Schedule II (Part I)	Least concern
15.	Wild pig	Schedule III	Least concern
16.	Indian Pangolin	Schedule I (Part I)	Endangered
17.	Star tortoise	Schedule IV	Vulnerable
18.	Indian Porcupine	Schedule IV	Least concern
19.	Monitor Lizard	Schedule I	Least concern
20.	Changeable hawk eagle	Schedule I (Part III)	Least concerned
21.	Serpent eagle	Schedule I (Part III)	Least concerned
22.	Eagle owl	Schedule IV	Least concerned
23.	Jungle owlet	Schedule I (Part III)	Least concerned
24.	Peafowl	Schedule I (Part III)	Least concern
25.	Grey jungle fowl	Schedule II (Part II)	Least concern
26.	Spectacled cobra	Schedule II (Part II)	Least concern
27.	Rat snake	Schedule II (Part II)	Least concern
28.	Indian krait	Schedule IV	Least concern

3. GENERAL OBSERVATIONS

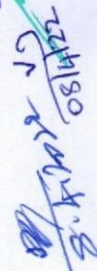

The site proposed for laying OFC is home for several endangered species as mentioned above (Table 1). However, damaged caused to flora and fauna is very minimal as the project is proposed along the the road from Muthalamparai Village to Mallapuram Village through Saptur Reserved Forest. This will enable transportation of equipment to lay OFC through the road and also facilitate easy operation and maintenance in future. The project site doesn't have any important monuments which has archaeological importance/ heritage site/ defence establishment etc.
