- 13 Specific recommendations of the deputy conservator of forest for acceptance or otherwise of the proposal with reasons.

Before this, Violation have taken place in the forest land. At present four lane road has built on the said land.

Good transportation systems are lifeline to the area they serve. Roads bring about all-round development in the region. A good road network helps in the success of all development activities. It is in the sphere of movement of people and goods, agriculture, commerce, education, health, and social welfare, or even maintenance of law and order and security.

The project under reference undertaken by National Highway Division(P.W.) is part of public infrastructure facility and essential for convenient, fast & safe travel. Hence, the proposal is being recommended.
