**Specific Recommendation for proposal of
Tie-in Connectivity of ONGC Bokaro CBM Field into
JHBDPL Network of GAIL**

The proposed area for diversion of 8.3618 ha. for M/s Gail India Ltd. has got miscellaneous vegetation with density 0.5 (approx). The area is undulating and vulnerable to soil erosion.

This project will connect ONGC Bokaro to JHBDPL network of GAIL by pipeline. Hence the proposal for diversion is recommended in national interest and may be accepted for diversion as per provisions of FC Act.

Divisional Forest Officer,
Bokaro Forest Division, Bokaro.
