

SITE INSPECTION REPORT

This is certify that I have inspected the 0.4858 hectare proposed forest area for renewal of lease F.sy.No.108A1 of Kodibag village, Karwar Taluk, Uttar Kannada District on 09-12-2018 along with the Deputy Conservator of Forests Karwar and found that the 0.4858 hectare area has been utilized for the purpose for which it was granted. The proposed area for renewal of lease is having Casurina tree-7 , Rain trees-3, Coconut trees-13 planted on boundary of leased land by the User Agency.

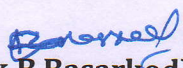

The proposed area is connected to the NH 66, on western side and surrounded by frontline staff quarters of Forest Department, on eastern side and on Northern side local road (Kajubag-Highway), and Government quarters southern side.

The lease land is used for the specific purpose and having components like, Ice plants, packing unit, Water storage tank Godowan and loading ramp. The User Agency has complied earlier lease agreement conditions.

The proposed area for renewal does not affect any declared or notified monuments of historical religious, archeological or recreation importance including wild life sanctuary or national park.

The requirement of forest land as proposed by user agency is barest minimum and there no alternate land available for above purpose. All the alternatives have been examined the proposal is renewal of lease period and all the infrastructure have been built on the said land so an extent of 0.4858 hectare may be renewed on lease to the user agency
