The User Agency has identified Government (C & D) land in Sy No. 1251(P) of Kuduthini Village, Ballari Taluk & District over an extent of 19.898 hectare for

raising CA. The documents in respect of CA land like Geo-referenced Map, Topo Map, CA Suitability Certificate & KML File are enclosed. As the said CA land was allotted to the User Agency long back, it needs to be verified that it has not been shown against any other FC proposal. 6. **Net Present Value (NPV):** The User Agency is required to pay the Net Present Value (NPV) of forest land being diverted under this proposal as per the conditions stipulated by Government of India, Ministry of Environment and Forests & Climate Change, New Delhi vide letter No. 11-9/98-FC dated 13-02-2014 and Orders dated 28-3-2008 and 9-5-2008 of Hon'ble Supreme Court of India in I.A. The User Agency has not enclosed the required certificate with the proposal. However, it has submitted a request made vide letter dated 22-11-2018 to the Deputy Commissioner, Ballari District for the purpose. **Further, the User Agency is being informed to obtain and submit the required FRA Compliance Certificate.**
8. In order to facilitate the free movement of wild animals during the night hours, and to reduce the adverse impact of mining related activities in the area, it is suggested to limit the operational time of the conveyor belt system only to day hours i.e., sunrise to sunset.
9. **In order to comply with the order dated 07-12-2017 of Hon'ble Supreme Court in IA No. 247 in WP(Civil) No. 562/2009 regarding mandatory establishment of Conveyor Belt System for mining leases specified therein, which includes the present one, the proposal is required to be processed expeditiously for Stage-I clearance.**
