V. VI.	Minimum Drawal Level.	
V 1.	Break-up area falling in catchment area	*
	of the project, (Forest land, cultivated	
	land, pasture land, human cultivation.	
	others)	
VII.	Anon of authorized	
	Area of submergence at high flood level.	
VIII.	Area of submergence at full Reservoir level.	Not applicable
IX.	Area of submergence at 2 metre below full Reservoir Level.	
X.	Area of submergence at 4 metre below full Reservoir Level (For Medium and major projects only).	
XI.	Area of submergence at high flood level.	
XII.	Area of submergence at full Reservoir level.	
AVER DE	result.	

XII	II. Area of submergence at 2 metre below full Reservoir Level.	
XI	Area of submergence at 4 metre below full Reservoir Level (For Medium and major projects only).	
XV	Area of submergence at minimum Drawal Level.	
X	Detailed catchment outlays and details regarding availability of funds for Catchment area treatment Plant.	
9	Details regarding Road/Railway Lines (Only for Road/Railway lines proposal)	
I.	Length and width of the strip and forest area required.	
II.	Total Length of the road.	
III.	Length of the road already constructed.	Not applicable
IV.	Length of the road passing through the forest,	
10	Details regarding mining proposal (Only for mining proposal)	
I.	Total mining lease area and forest required.	
	Period of mining lease proposed.	
II.	Estimated reserve of each mineral/ore in the forest area and in the non-forest area.	
V.	Annual estimated production of mineral/ore.	
V.	Nature of mining operation (open cast /underground)	
I.	Phased reclamation plan.	Not applicable
II.	Gradient of the area where mining would be undertaken.	
II.	Copy of the Lease Deed (to be attached only for renewal purposes)	12-
. 1	Number of laborers to be employed.	
	Area of forest land required for:	

	a) Mining	
		_
	b) Storing mineral/ore;	
	c) Dumping of overburden.	
	d) Storing tools and machinery.	Not applicable
	e) Construction of building power stations, workshop, etc.	
	g) Construction of road/ropeway/railway lines.	4
-	h) Full land use plan of forest area required.	
X.	Reasons why any of the activities, referred to in (a) to (h) above under the project for which forestland has been asked for cannot be undertaken / located outside forest area.	
XI.	The extent of damage likely to be caused and the number of trees affected on account of mining and related activities.	
XII.	Distance of the mining area from perennial water courses national and State highway, national parks, sanctuaries and biosphere reserves.	
XIII.	Procedure for stocking of the top soil for reuse.	
XIV.	Extent of subsidence expected in underground mining operations and its impact on water, forest and other vegetation.	
11	Cost-benefit analysis.	Not appicable
12	Whether clearance from environmental angle is required (Yes/No)	No, Since Transmission lines are environmentally clean and non-polluting in nature without any emission so, environmental clearence is not required as it is not coming under EIA notification also.
āl	If Yes, Whether requisite details for the same have been furnished (Yes/No)	No
13	Whether any work in violation of the Act has been carried out (Yes / No) If Yes,	No
I.	Details of the same including date of commencement.	Not appicable

II.	Officers responsible for violation of the Act.	Not appicable
III.	Action taken/being taken against erring officers.	Not appicable
IV.	Whether work	f Not appicable
14	Any other information.	No
15	Details of Certificates/ documents enclosed	Althority
16	Detailed opinion of the Chief Conservator of Forest/Head of the Forest Department concerned covering the following aspects, namely:	
I.	Out-turn of timber, fuel wood and other forest produce from the forest land involved.	Timber = 67.740 Cmt. Fule Wood = 101.799 Cmt. Tendu leaf = 33.859 packet Saal sedes = 1.111 qt. Harra = 0.313 qt.
п.	Whether the district is self - sufficient in timber and fuel wood, and	Suficient quantity of Timber & Fule Wood i available in the District.
a	The effect of the proposal on a) Fuel wood supply to rural population b) Economy and livelihood of the tribal and backward communities.	Since the Proposed forest area of diversión is only 9.589 ha. hance it will not (a) effect the fuel Wood supply to rural Population. (b) No effect on Livelihood.
1	Specific recommendations of the chief Conservator of Forests/ Head of the forest Department for acceptance or otherwise of the proposal with reasons thereof.	The Proposal can be accepted.

Certified that all other alternatives for the purpose have been explored and other demand for the required area is the minimum demand for forest land.
