

## **Recommendation Report**

The proposed area for establishing Pudur Police station at Cheerakadavu, Attapady is necessary for implementing Government schemes fearlessly and to contain Left Wing Extremist activities in the area and also to strengthen the Forest Protection in the area. Hence, I recommend the diversion of 0.2024 ha. of forest land for establishing Police Station at Attapady, on condition that equal extent of land in the possession of Police Department at Kannur Town shall be transferred to Kerala Forest Department for building Forest Department's establishments at Kannur.
