

The proposal is for diversion of 0.0021 ha of land for the electrification in Perumthoil area of Pathanapuram Range. The proposal is for Service connection of electricity to Anganvadi and residence of Smt. M. Kala Prayag, Sathyamangalam, Perumthoil. No felling of trees is required for this diversion. It is seen that the proposed work is for laying LT UG Cable line in Piravanthoor Grama Panchayath under total electrification scheme by Kerala Government. This diversion is essential for the electrification of the area. The requirement of forest land as proposed by the user agency is unavoidable and bare minimum. No felling of trees is required for the diversion. The project is recommended for approval.
