

SITE INSPECTION REPORT
(Project: Diversion of 4.193 Ha. forest land in Kumurakata RF
improvement and upgradation of Hamren to Howraghat section of
SH-19 under Axom Mala Road Project)

The proposed diversion site of 4.193 ha. of Forest land for the purpose of improvement, upgradation of Hamren to Howraghat section of SH-19 through Kumurakata RF under Nagaon South Division, Hojai was inspected by the undersigned on 11/11/2022 along with the DFO, Nagaon South Division, Range Officer, K.V. Range Hojai and their frontline staff. During the period inspection, it was noticed that the Kumurakata RF rich in Flora & Fauna as well as presence of wild animals like Elephants, Jungle cat, Barking deer, Hog deer, Jackal, Civet etc. Heard of wild elephants stays in the RF area almost through out the year by using their natural corridors to the different nearby areas since there is a large natural water body/ wet land in the RF area. The requirement of the forest land proposed for diversion by the User Agency is unavoidable and barest minimum. The project having state & public interest which will improve the existing road connectivity of the state. The proposed area is recommended for diversion with a suggestion to take sufficient mitigation measures to protect & save the wildlife & habitat without causing major damages of the forest & environment as per guidelines of the MOEF & CC, G.O.I. under F.C.Act,1980.
