

22	Any scope of saving tree growth while ensuring that the purpose for which the forest land is being diverted is also not adversely affected.	No
23	Any other issue of significance.	No
24	Specific recommendations of the DFO with reasons for approval of the project.	The relocation and resettlement on this land will make available 87.170 hac. of desirable meadow in the Satpura Tiger Reserve making it a compact patch for wide range of wildlife from small insects to large herbivores and simultaneously will form prey-base for the carnivores. This relocation will help in reducing the anthropogenic pressure on the tiger reserve , all well as minimize the possiblilty of any future human-animal conflict. The proposed area has Saj , Bhiriya and other miscellenous species. and is found suitable for the purpose of the project.
