

RECOMMENDATION

Project no: FP/MZ/ROAD/117867/2020

As already highlighted in my Site Inspection Report which was conducted on 31.05.2022, the User Agency had started the construction works before the prior approval of the Government of India, Ministry of Environment, Forest and Climate Change. However, considering the importance of the proposal for Rehabilitation and Upgradation to 2-Lane with paved shoulders of Seling -Dulte section of NH-06 from the existing chainage Km 0.000 to Km 69.015 (package 1,2,3&4), the proposal may be approved subject to imposition of Additional Compensatory Afforestation and/or Penal Compensatory Afforestation and such other penalty as may be prescribed by the Competent Authority.
