

PART-II

(To be filled by the concerned Deputy Conservator of Forests)

State Serial No. of Proposal _____

7	Location of the Project/Scheme	Improvement of Banswada to Uppalvai road from Km 0/0 to 40/3 in Nizamabad District.
(a)	State/Union Territory	Telangana State
(ii)	District	Nizamabad
(iii)	Forest Division	Nizamabad
(iv)	Area of Forest land proposed for diversion(in Ha)	3.034 Ha
(v)	Legal status of forest	Reserve Forest Hajipur of Banswada Range Notified under U/s -18 of the Hyderabad Forest Act, dt.11.12-1344 F
(vi)	Density of vegetation	Between 0.4 to 0.6
(vii)	Species-wise (scientific names) and diameter class –wise enumeration of trees (to be enclosed,. In case of irrigation/hydel projects enumeration at FRL,FRL-2 meter & FRL-4 meter also to be enclosed)	List Enclosed
(viii)	Brief note on vulnerability of the forest area to erosion	<p>1). The area proposed for diversion has got a sloppy terrain of variable gradients from 1 in 20 to 1 in 7, cutting of earth will leave a vertical section, leaving scope for soil erosion, which requires construction of retaining walls and check walls, wherever required to minimize the runoff velocity.</p> <p>2) Removal of trees for the purpose of widening may add to the erosion factor which should also be taken careof.</p> <p>Part-II:-Proposals are for widening of existing road, diversion of forest land for Geometric alignment and curve improvements to avoid Sharp turnings on both sides of the existing road. Cutting of trees and diversion of Forest land could have been avoided, if the existing road is widened without changing alignment.</p>
(ix)	Approximate distance of proposed site for diversion from boundary of forests	0 Mtrs Distance, abutting the Reserve Forest boundary Only.

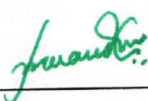

(x)	Whether forms part of National Park, wildlife sanctuary, biosphere reserve, tiger reserve elephant corridor, etc., (If so, the details of the area and comments of the Chief Wildlife Warden to be annexed)	No
(xi)	Whether any rare/endangered/unique species of flora and fauna found in the area if so details thereof.	No
(xii)	Whether any protected archaeological/heritage site/defense establishment or any other important monument is located in the area- If so, details thereof with NOC from competent authority.	No
8	Whether the requirement of forestland as proposed by the user agency in col.2 of Part-I is unavoidable and barest minimum for the project. If no, recommended area item-wise with details of alternatives examined.	The user agency has proposed for diversion of 3.034 ha of forest land for widening and new alignment of the existing road. After survey, the actual area arrived for diversion is 3.034 ha which unavoidable and barest minimum for the project is. However, if the existing road is widened, cutting of trees and diversion can be avoided.
9	Whether any work in violation of the act has been carried out (Yes/No). If yes, details of the same including period of work done, action taken on erring officials. Whether work in violation is still in progress.	No
10	Details of compensatory afforestation Scheme:	The CA Scheme proposals are to be submitted by the Divisional Forest Officer, Kamareddy since the CA land is identified in Kamareddy Division Jurisdiction
(a)	Details of non-forest area/degraded forest area identified for compensatory afforestation, its distance from adjoining forest, number of patches, size of each patch.	The user agency has identified CA land at Sy.No.312/1 to an extent of 4.306 Ha at Kyasampally (V), Kamareddy (M), of Kamareddy Revenue Division. The DFO, Kamareddy has given site suitability and got the CA scheme prepared which is submitted in the diversion proposals pertaining to Kamareddy Forest Division)
(b)	Map showing non-forest /degraded forest area identified for compensatory afforestation and adjoining forest boundaries.	Map to be enclosed by Kamareddy Forest Division in diversion proposals.
(c)	Detailed compensatory afforestation scheme including species to be planted, implementing agency, time schedule, cost structure, etc.,	Details to be enclosed by Kamareddy Forest Division in diversion proposals.

(d)	Total financial outlay for compensatory afforestation Scheme.	Details to be enclosed by Kamareddy Forest Division in diversion proposals.
(e)	Certificates from competent authority regarding suitability of area identified for compensatory afforestation and from management point of view. (To be signed by the concerned Deputy Conservator of Forests).	Details to be enclosed by Kamareddy Forest Division in diversion proposals.
11	Site inspection report of the DCF (to be enclosed) especially highlighting facts asked in Co.7 (xi, xii) 8 and 9 above.	Site Inspection report enclosed.
12	Division/District profile.	Nizamabad Division /District
(i)	Geographical area of the District.	795600 Ha.
(ii)	Forest area of the District.	76737.38 Ha.
(iii)	Total forest area diverted since 1980 with number of cases.	99.327 Ha in 8 cases
(iv)	Total compensatory afforestation stipulated in the District/Division since 1980 on	67.975 Ha
(a)	Forest land including penal compensatory afforestation	26.825 Ha
(b)	Non-Forest land.	41.15 Ha
(v)	Progress of compensatory afforestation as on (date) 30.11.2015 On (a) Forest Land (b) Non-Forest Land	Progress of C.A. as on 30.11.2015, 67.975 Ha 26.825 Ha 41.15 Ha
13	Specific recommendations of the DCF for acceptance or otherwise of the proposal with reasons.	Recommended the proposals with the following conditions: The course of the streams in the Reserve Forest proposed for diversion is in zig-zag direction, with deep gullies adjacent to the existing road. They must be properly dealt with. The area proposed for diversion has got a sloppy terrain of variable gradients from 1 in 20 to 1 in 7, cutting of earth will leave a vertical section, leaving scope for soil erosion, which requires construction of retaining walls and check walls, wherever required to minimize the runoff velocity, by the User Agency by calculating High flood level in peak seasons.

	Removal of trees for the purpose of widening may add to the erosion factor which should also be taken care of. Hence a detailed soil conservation plan is proposed and enclosed. The proposal is recommended with the above conditions.
