xii)	Whether any protected archeological /heritage site/defense establishment or any other important monuments is located in the area. If so, the detail thereof with NOC from competent authority, if required.	No
8.	Whether the requirement of forest land as proposed by the user agency in col-2 of part-I is unavoidable and barest minimum for the project. If no, recommended area items wise with details of alternatives examined.	Yes, it is unavoidable and barest minimum for the project, The location is more technically viable for the User Agency and involvement of forest area is also lesser than any available alternate.
9.	Whether any work in violation of the act has been carried out (Yes or No). If yes details of the same including period of the work done action on erring officials.	No
i)	Whether work in violation is still in progress.	No
10.	Details of compensatory Afforestation scheme.	
i)	Details of non-forest area/degraded forest area indentified for compensatory Afforestation, its distance from adjoining forest, number of patches, size of each patch	The area for CA is presently not available in Seppa forest division , may be taken from state land bank

154

ii)	Map showing non-forest/degraded forest area identified for compensatory Afforestation and adjoining forest boundaries.	NA
iii)	Details Compensatory Afforestation scheme including species to be planted implementing agency, time schedule, cost structure.	NA
iv)	Total financial outlay for compensatory Afforestation scheme.	NA
v)	Certificates from for complete authority regarding suitability of area identified for compensatory Afforestation and from management point of view (to be signed by the concerned Deputy Conservator of Forest).	NA
11.	Site inspection report of the DCF (to be enclosed especially highlighting facts asked in Col.7 (xi, xii)), 8 & 9 above.	Enclosed.
12	Division /District profile	<p>Seppa forest Division has total of 5 Ranges namely:</p> <ol style="list-style-type: none"> 1. Seppa Range 2. Devyar Rnage 3. C/Tajo Range 4. Bameng Range 5. Khenewa Range <p>There are no protected area in the Seppa forest division (National park wildlife sanctuary etc) The forest area mainly falls under USF</p>
i)	Geography area of the District	4134 Sq. KM
ii)	Forest area of the District	Approx. 3200 Sq. KM
iii)	Total forest diverted since 1980 with No. of cases.	

iv)	Total Compensatory Afforestation stipulated in the District /Diversions since 1980	
	a) Forest land including penal Compensatory Afforestation	Kamrung VRF (138.70ha), Tamukporuik VRF (31ha)
	b) Non- forest Land	No CA has been undertaken in non-forest land till now
v)	Progress of Compensatory Afforestation as on date.	
	a) Forest Land	Progress up to date
	b) Non- forest Land	NA
13.	Specific recommendations of the DCF for acceptance or otherwise of the proposal with reasons.	The said transmission line is very important for providing energy security for the people of the area. The overall development of the area depends on the project. Hence proposal may be considered favorably. However the user agency must ensure that during the construction phase no activity will be done by the staffs and labors of the construction site in violation with the Assam Forest Regulation Act, Wildlife Protection Act, and other relevant act in force at the time like hunting of wild animals and birds , felling of trees, collection of fuelwood etc. from the nearby forest area.
