

Inspection note, finding and recommendation with reasons

The proposed site was inspected on 13.07.2020 by the undersigned. The factual details regarding the proposed site and consequent findings are stated below:-

- 1- This proposal is submitted for laying of underground gas pipeline by Indian Oil Corporation Limited for supply of natural gas for the domestic PNG connection for cooking requirement.
- 2- Total approach area in Saran district from Masoom Ganj to Mauna Chowk/Mauna Chowk to Naudih/ Mauna Chowk to Krihsna Chowk and Hathua Market, Chapra to Newaji Tola Chowk 2.1410 Hectare. It is protected forest for which Divisional Forest Officer, Saran has recommended for diversion under Forest (Conservation) Act 1980.
- 3- The user agency proposed for diversion of 2.1410 Hectares of forest land which is notified as protected forest vide notification No. 190-E dated 16-02-1991 and 485-E dated 15-04-1994.
- 4- The GPS Co-ordinate at 01 Kilometer interval of Masoom Ganj to Mauna Chowk/Mauna Chowk to Naudih/ Mauna Chowk to Krihsna Chowk and Hathua Market, Chapra to Newaji Tola Chowk passing through Saran district is attached with this proposal by user agency.
- 5- There are only 169 trees of different species present on the proposed site. The User agency has given a certificate that no tree felling/cutting will be involved in laying/construction of natural gas steel/MDPE net work. There are no rare/endangered/unique species of flora & fauna found in the area. Tree translocation list to be attached with this proposal by user agency.
- 6- The user agency has not done any construction on the proposed site.

On the basis of recommendation of the Deputy Conservator of Forest and the inspection done by me. The proposal may be accepted for the diversion of forest land involving in this project for area of 2.1410 Hectare in light of necessity of common mass.

Place: Siwan.
