

## **RECOMMENDATION**

The site proposed for Tori Biratori Mahuamilan Rail Project proposal requires 2.537 ha of forest land (1.258 of Notified forest land and 1.279 ha of GMJJ land) for construction of rail fly over between Biratoli station to Tori Station and by pass surface line from Biratoli to Mahuamilan station. The forest area proposed for diversion is an open forest. The applied forest area is recommended for diversion.
