

## RECOMMENDATION

The Divisional Engineer, High way, Cuddalore has seeking prior permission under Section 2 of Forest (Conservation) Act, 1980 for diversion of 0.091 ha in Thirukadaiyur RF for re-construction of damaged bridge at 6/4kms of Pudupettai - Oraiyur - Karumbur-Paithampady road (MDR1119) in Cuddalore District vide their online uploaded proposal No : FP/TN/Approach/43097/2019.

The User agency stated that this minor bridge was constructed before 1970 and maintained by the Highway department. It is in deteriorated condition and the riding surface above the bridge causing hardship to the road users. More over the existing damaged slab culvert is choked and having narrow width. In rainy season water overflows the bridge and traffic through the road often disconnected. It has proposed to construct the above bridge. The District Forest Officer, Cuddalore inspected the site on 18.03.2022 and recommended. Hence this proposal is recommended.

The forest area involved in the project is as follows.

Sl. No	Descriptions	Nos	Length (in Mts)	Breadth (in Mts)	Area (in M <sup>2</sup> )
1	Re-construction of damaged bridge	1	130.00	7.00	910 (or) 0.091 ha
