

Site Inspection Report

Reliance Jio infocomm Limited SCO, Patna, Bihar has submitted a proposal for seeking permission under Forest conservation Act 1980 for laying out Gaya-Goh-Madanpur road optical Fiber cable Line (OFC). As per the proposal optical fiber cable (OFC) line pass through Gaya-Goh-Madanpur road. The land in question is mostly along the road side. Only 0.40278 ha area falls under Aurangabad Forest Division. No. rare/endangered/unique species of flora & faunas are found in this site of the Road. It was also found that no protected archeological/ heritage site defense establishment or any other important monument is located along the road.

The optical Fiber cable Line (OFC) line is essential for the expansion of Telecommunication services. The land proposed by the user agency is unavoidable and barest minimum for the project Hence recommendation is made for acceptance of the proposal.

Divisional Forest Officer,
Aurangabad Forest Division,
Aurangabad (Bihar)
