| 13. Specific recommendations of the DCF for acceptance or otherwise of the proposal with reasons.             | <p>This is the bare minimum forest land required for the project. The amount realized from the user agency in the form of NPV shall be utilized for conservation, protection, and management of forest in this division. The green belt will be created through the amount realized from the user agency as Compensatory afforestation work and it will help in the increasing green cover.</p> <p>The proposed area involves diversion of 0.2877 ha in Gaya Forest Division, Gaya. This is the barest minimum of forest land required for the instant project and has no other alternative to bye-pass. Diversion of these forest land areas for this project (non forestry activity) may not much affect the local flora of the area. The User Agency has violated the prescribed provisions of the Act. During the time of the inspection the cable line was found erected at the proposed site up to 10 km. The area of violation is about 0.0822 ha. The work has stopped now.</p> <p>In the light of the above mentioned facts and keeping the fact that Gaya Districts are fall under the Naxal Affect area and as per the prescribed provisions I recommend positively for the approval of this instant proposal with Penal provisions of the Act. Therefore this instant proposal for diversion of forest land may be approved with necessary conditions and directions. The user agency must provide the 4 G connection to the Forest Department.</p> |
