

PART-III

(To be filled by the concerned Chief Conservator of Forests)

1	Whether site, where the forest land involved is located has been inspected by concerned Chief Conservator of Forests (Yes/No). If yes, the date of inspection and observations made in the form of inspection note to be enclosed.	No. Since the forest land sought for diversion is very meager in extent and which is urgently required for laying of water pipeline to supply drinking water to the Ramapura, Konamanhalli and Palakanahalli villages in Davanagere taluk.
2	Whether the concerned Chief Conservator of Forests agree with the information given in Part-II and the recommendations of Deputy Conservator of Forests.	I agree with the information given in the Part-II and recommendations of the Deputy Conservator of Forests, Davanagere Division, Davanagere.
3	Specific recommendation of concerned Chief Conservator of Forests for acceptance of otherwise of the proposal with detailed reasons.	Since the diversion of forest land over an extent of 0.17 ha as sought for by the user agency is quite genuine. Moreover, the said forest land is urgently required for the laying of water pipeline to supply drinking water to the Ramapura, Konamanhalli and Palakanahalli villages which are facing serious drought condition which will further quench the thirst of the poor villagers and as well as the animals. Hence, the diversion proposal may be considered as per the section 2 of Forest (Conservation) Act, 1980.
