

Site Inspection Report

Date of site inspection: - 10.12.2020

The possibility of threat to wildlife especially rare / endangered / unique species from Construction of RCC High level Bridge after Saroun Bakshila Road 23 km Of Dhathuriya River. In Jamui district under forest (conservation) Act-1980 project will be negligible because the user agency will work on the existing road which is declared as protected forest. The joint inspection has been carried out by undersignatory and Executive engineer, RCD on dated 10.12.2020. The connecting road has already been black-topped & widened. Only the bridge portion remains. Construction of bridge will not hamper any vegetation and wildlife. however, a Dhathuriya Nala is passing under with seasonal rain water & the surrounding area is a natural rich sal forest. There is a need to be created a check naka of forest department to be constructed by user agency and then handed over to Jamui Forest Division. There is no protected archeological heritage site / defense establishment or any other important monument located in the area. The land required for the project is unavoidable and barest minimum. Till date there is no work carried out which violates Forest conservation Act 1980.
