

Recommendations of the District Forest Officer, Dharmapuri Forest Division

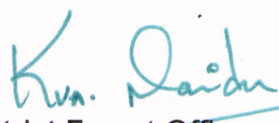

The proposal submitted by the User Agency for formation of road from Barigam Konayankadu to Malayurkadu in Nallampalli Taluk of Dharmapuri District lies in Parigam-B Reserved Forest of Dharmapuri Range in Dharmapuri Forest Division. In the alignment of the proposal road, no right of way was admitted in the Tamil Nadu Gazette notification of Parigam-B Reserved Forest.

The proposed road connects Malayurkadu, Moolakkadu villages with Barigam, Konayankadu villages. Currently the people of Barigam and Konayankadu villages are facing difficult situation to travel around the Reserved Forest for about 40km distance via. Jarugu, Arakkasanahalli, Chinnampalli and Perumbalai villages to reach Malayurkadu village. The proposed road cut short that distance between Barigam and Malayurkadu villages to just 3km. This is the long-lasting demand by the village peoples. This demand has also been raised in the Legislative Assembly.

The project proponent has given undertaking that, to bear the cost Net Present Value, Additional Net Present Value, Compensatory Afforestation with maintenance and lease rent as fixed by the Forest Department at the time of sanction along with any escalation in future for the forest land to be diverted etc. The work will be permitted after strict supervision of Forest Officers. Possible damage to wild flora and fauna due to this project is very low.

Considering the above facts and field observations, I recommend this proposal for seeking diversion of land.
