

ANNEXURE-II  
SITE INSPECTION REPORT

This is certify that, I have inspected the forest area proposed for diversion of 0.90 ha area under Forest Conservation Act, 1980 for "Construction of RTO Office Building and Driving Track." by Assistant Regional Transport Office, Honavar in Honavar village, Honavar range of Honavar Division of Uttar Kannada district. The proposed land for diversion falls in Forest Sy.No.517A1 of Honavar village of Honavar Taluk, UttaraKannada District..

I have inspected the proposed forest area for diversion on: 18-09-2021 along with Assistant Conservator of Forests, Range Forest Officer and staff. The proposed forest land for Construction of RTO Office Building and Driving Track is in lateritic forest area is with canopy density of 0.1 and below and falls in Eco-Class-I. These are the pristine, undisturbed, Ecologically unique lateritic natural wilderness areas. The area receives heavy rain fall with an average of 3500 mm annually. He any downpour washes ray all top soil leaving behind the lateritic area, with shallow said depth which supports only grass species and shrubs and few trees on the road margin. The proposed area does not affect any declared or notified monuments of historical religious archeological or recreation importance. The proposed land falls on right side of Honavar Arengadi road and close to Honavar city.

Place: Honavar  
Date: 18-09-2021

  
Deputy Conservator of Forests,  
Honavar Division, Honavar.
