

Recommendation of the Wildlife Warden, Hosur Forest Division

Name of the Project	: Proposal for diversion of 0.9856ha of forest land in Ayaranapalli village for erection of 110KV Transmission line from Rayakottai - Kelamangalam road to TATA Electronics Company in Ayaranapalli village in Krishnagiri District
Name of User Agency	: The Executive Engineer, TLC / TANTRANSCO, Opp. Collectorate, Dharmapuri, Dharmapuri District
Date of Inspection	: 02-09-2022
Staffs accompanied	: Thiru. R.Parthasarathi, Forest Range Officer and Range staffs.

The proposed diverted area was inspected by me on 02-09-2022 with the Forest Range Officer, the staff of Rayakottai Forest Range and with the User Agency of the above proposed project.

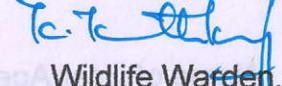

The proposal for diversion under Forest (Conservation) Act, 1980 for erection of 110KV Transmission line from Rayakottai – Kelamangalam road to TATA Electronics Company is passing through S.F. Nos. 954-956, 959-965, 970-972, 977 & 978 (Part-1) (0.21.12), (Part-2) (0.11.44) (Part-3) (0.66.00) to an extent of 0.9856 ha of Ayaranapalli Panchayat, Shoolagiri Taluk, Krishnagiri District is a linear project. The proposed land is classified as “Un-assessed Waste - Vanasaragam” land in Revenue record.

The project proponent has given undertakings to bear the cost of Net Present Value, Additional Net Present Value, Compensatory Afforestation with maintenance, to pay the cost of felling of trees if found and lease rent as fixed by the Forest Department at the time of sanction along with any escalation in future for the forest land to be diverted etc. Also, the District Collector, Krishnagiri has certified that, there is no alternate route available for the proposed project. The work will be permitted after strict supervision of Forest Officers. Possible damage to wild flora and fauna due to this project is very low.

The proposed area is located on the northern side of Udedurgam Reserved Forest at a distance of about 2.10 Km. The proposed site consists of only shrubs and hence the question of damages to the flora and fauna does not arise and

there is no tree felling involved due to diversion of 0.9856ha of the area for the erection of Transmission line. It is observed that, there is no endangered species of Flora and Fauna found in the proposed area.

Considering the above facts and field observations, I recommend this proposal for seeking diversion of forest land.

Wildlife Warden,
Hosur Forest Division,
Hosur.

Thiru. R. Pathrasiddhi, Forest Range Officer
and Range Officer

State Government

The proposed diversion area was inspected by me on 05-08-2022 with the
Forest Range Officer, the staff of Rasaykottai Forest Range and with the User
Agency of the proposed project.

The proposal for diversion under Forest (Conservation) Act, 1980 for
selection of TLD transmission line from Rasaykottai - Krishnagiri road to
TATA Electronics Coimbatore is based through S.E. No. 824-825, 826-827
820-825, 822 & 828 (Par-1) (0.51.15), (Par-2) (0.06.00) of an
extent of 0.9856 ha of Ayanaswadi Range, Sivapuri Taluk, Krishnagiri
District is a minor project. The proposed land is classified as "Un-assessed Waste
- Assistant, land in Revenue record.

The proposed project has been undertaken to meet the cost of the
Present Vane, Additional Net Forest Vane, Compensation Afforestation with
minimum, to pay the cost of felling of trees if found and less than as fixed by
the Forest Department at the time of selection should with such section in future
for the forest land of the concerned collector, Krishnagiri per
cent being this, there is no alternative route suitable for the proposed project. The
work will be carried out after survey of Forest Officer. Possible damage
to wild flora and fauna due to this project is very low.

The proposed site is located on the margin of Undivided Reserve
Forest is a distance of about 5.10 Km. The proposed site consists of only shrubs
and hence the division of damages of the flora and fauna does not arise and
