

(CHECK LIST SERIAL NUMBER-11)

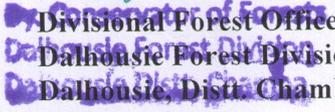

CERTIFICATE FOR MINIMUM USE OF FOREST LAND

This is to certify that the forest area involved in the proposal for the construction of LINK ROAD TO VILLAGE DANGARDI KM. 0/0 TO 5/675 unavoidable and barest minimum forest area i.e. 3.6400 hectare area is proposed for diversion. Three alignments were examined. In the alignment 1 forest land involved for road construction is 3.978 hectare and 49 Number of trees which will require removal. In the second alignment 3.7800 hectare of forest land is involved for construction only and 60 number of trees will require be removal. In the third alignment 4.1400 hectare of forest land and 75 number of tress are involved for construction only. Keeping in view the consideration of using least forest land with minimum feeling of trees it was decided to recommended alignment Number 1 for the construction of this road as it involve lesser number of trees and also lesser forest land as compared to alignment Number 2 and Number 3 under the circumstances 49 number of trees 3.0978 hectare of forest land for road construction as coming in first alignment beside 0.5422 hectare of forest land for dumping sites is the minimum requirement for this project and can not be escaped.
