

**DIVERSION OF 0.0100 HA. OF FOREST LAND FOR CONSTRUCTION OF WATER TANK UNDER  
WSS TO NC / PC HABITATION OF CENSUS VILLAGE RASSAN SIDHBARI, KANGRA (H.P.)**

FILE NO. :

DATE OF PROPOSAL :

CHECK LIST SERIAL NUMBER – 10

**CERTIFICATE FOR MINIMUM USE OF FOREST LAND**

This is to certify that the forest area involved for construction of underground water tank for water supply to NC / PC habitation of census village Rassan Sidhbari, District Kangra (H.P.) is unavoidable and barest minimum forest area i.e. 0-01-00 ha. which is proposed for diversion.

**DIVERSION OF 0.0100 HA. OF FOREST LAND FOR CONSTRUCTION OF WATER TANK UNDER  
WSS TO NC / PC HABITATION OF CENSUS VILLAGE RASSAN SIDHBARI, KANGRA (H.P.)**

FILE NO. :

DATE OF PROPOSAL :

**ALTERNATE SITES CONSIDERED TO MINIMISE THE USE OF  
FOREST LAND FOR CONSTRUCTION OF UNDERGROUND RESERVOIR IN MOHAL BREH,  
MOUJA SIDHBARI, TEHSIL DHARAMSHALA, DISTRICT KANGRA**

**ALTERNATIVE-I**

The proposed construction of underground tank is situated in Mohal Breh, Mouja Sidhbar in Tehsil Dharamshala, District Kangra. The area proposed for diversion is 0-01-00 Hactare of forest land.

Feature considered:

- The land proposed is barren land for the construction of Underground Reservoir
- Forest land involved to the tune of 0-01-00 Hectares.
- No disturbance to the stable slope & green cover.
- No felling of trees is involved.

**ALTERNATIVE- II**

This alternative involves construction of the Underground Reservoir in village Kaned in Tehsil Dharamshala, District Kangra. The area proposed for diversion is 00-01-00 Hactare of forest land but the construction of reservoir in this alternative is not technically possible. The proposed alternative involves cutting of 8 number of trees.

Feature Considered:

- The area has loose strata so the construction of reservoir in this area is difficult which is vulnerable to landslides.
- The construction of the Water Reservoir is not feasible
- The proposal involves 8 trees to be cut resulting into decreasing forest cover in this area.

**ALTERNATIVE- III**

This alternative involves construction of the Water Reservoir in village Rasain in Tehsil Dharamshala, District Kangra. The area proposed for diversion is 00-01-20 Hactare of forest land. The proposed alternative involves cutting of 11 number of trees.

Features Considered:

- The area has loose strata so the construction of reservoir in this area is difficult which is vulnerable to landslides.

  
**Executive Engineer**  
IPH Division  
Dharamshala

- The land involves felling of 11 number of trees, so it is not possible to locate the underground reservoir in this land.

Keeping in view all the above three alternative, the **alternative- I**, which is more suitable and environmental friendly, has been finally adopted.
