		2. Sump 0.02
		3. Embankment 0.24
		4. Road 3.43
		5. Quarry 12.89
		6. Remaining Area 4.04
		Total 43.30 Ha.
B.2.4.-	Component wise breakup mentioned in MP and in B.2.4., contradicts each other. Please clarify.	Mine plan is for a larger area of 1120.25 Ha. whereas the present proposal is only for a small patch of 43.30 Ha. As such there will be difference in mine plan and data submitted at B.2.4
D.-	As mentioned in your justification your extension application was not annexed with maps and other documents, so there is no need to mention about the old proposal in the instant application /justification, as the earlier proposal was not complete. Please mention abstract of nature of land clarified by revenue officials for the project area 1120.25 Ha.	Effort is being made to seek clarification about the nature of project area of 1120.25 Ha from revenue officials of Chatra district. It will be submitted immediately after clarification from revenue department is received.
M.1.-	Mention quantity proposed to be extracted/extracted	The proposed quantity to be extracted is Nil. The land will be required for biological reclamation of mined out area and future underground mining.
M.2.(iii)	Mention data	Copy of approval of mining plan will be uploaded.
M.2.(iv)	Approved MP is for 10.0 MTPA whereas EC is for 12.5 MTPA, part mining plan has been uploaded. Hence please upload map.	EC has been granted as per clause 7 (ii) of EIA notification 2006 vide J-11015/76/2013-1A.II(M) dated 20.05.2014 Complete mining plan has been uploaded.
M.2.(vi)	In place of map, undertaking for FRA has been uploaded. Hence uploaded map.	Land use plan has been uploaded.
M.2.(vii)	Upload KML files.	KML plan has been uploaded.
M.5.1.-	When estimated reserve is zero, then what for renewal is required? In that case what is the basis of MP an EC issuance.	The land will be required for biological reclamation of mined out area and future underground mining. Mine plan is for a larger area of 1120.25 Ha. whereas the present proposal is only for a small patch of 43.30 Ha. Opencast mining will continue in the remaining portion of area covered under mine plan and the
