

GOVERNMENT OF TELANGANA
RURAL WATER SUPPLY AND SANITATION DEPARTMENT
TELANGANA DRINKING WATER SUPPLY PROJECT

APPENDIX

(See Rule 6)

FORM-'A'

Form for seeking prior approval under section 2 of the proposals by the state
Government and other authorities.

PART-1

(TO BE FILLED BY USER AGENCY)

1. Project Details : Laying of Pipe Line and Construction of Structures to provide safe Drinking Water in Wyra & Sathupalli (Part) Constituencies in Khammam District - Segment 26/2.

- i) Short narrative of the Proposal for Project: The Government of Telangana has decided to improve the drinking water Supply level to all the habitations in the new State to provide safe Drinking Water to all in the State. To avoid Quantitative and Qualitative problems it is proposed to supply surface water. In this work the Clear Water Pipe lines are to be laid From WTP to GLBR's and Distribution pipelines are to be laid upto village OHBR's/OHSR's in the Segment - 26/2. The treated water will be distributed through gravity pipelines to cover Wyra and Sathupalli (Part) Constituencies. The proposed Pipe line alignment and Construction of Structure are passing through the Reserve Forest for which Forest Land Diversion is required.

- ii) Map showing the required forest land and Boundary of adjoining Forest on a 1 in 50,000 Scale topo map. : Map showing the reserve forest boundary is enclosed.
The land is meant for laying of pipelines and Construction of Structures in Segment 26/2.
- iii) Cost of the Project. : Rs. 575.00 Crores
- iv) Justification for location the project forest area : The proposed water Pipe lines in Segment 26/2 have no other alternative route to minimize the cost and shorten the length. The proposed Structures in the Forest Area are essential to maintain required ground level and to store the clear water & supply water to the habitations in Wyra and Sathupalli (Part) Constituencies in this part. As per the Hydraulic Designs and Topography of the Area the proposed locations are very much essential and there is no other alternative alignment.
- v) Cost benefit analysis (to be enclosed) : Enclosed
- vi) Employment likely to be generated : 130 Man days.

2. Purpose wise breakup of the total Land required Extent :

After working out various options in execution of the Pipe Line Works in the forest Land, the diversion of forest land to the minimum requirement is worked out. The details of the land requirement are here with enclosed for more clarity.

The purpose wise land requirement for

1. Pipe line Portion	-	4.446 Ha.
2. For Structures	-	0.256 Ha.

Total	-	4.702 Ha.

3. Details of displacement of people due to the project if any:

- | | | |
|--|---|------|
| i) Number of families | : | } No |
| ii) Number of Schedule Caste / Schedule Tribal families. | : | |
| iii) Rehabilitation Plan | : | |

4. Where Clearance under Environment (Protection) Act, 1986 Required? (Yes/No) : No

5. Undertaking to bear the cost of rising and maintenance of compensatory Afforestation and /or penal compensatory Afforestation as well as cost are protection and regeneration of Safety zone., etc., as per the Scheme prepared by the state Government (under taking to be enclosed). : Enclosed

6. Details of Certificates / Documents Enclosed as required under the instructions. : Enclosed
