Sl. No	EDS 29.05.2019	Clearification/Answer Date 18.06.2019
1	On perusal of KML file of the proposed road, it is found that the proposed road going in reserve forest area with felling of 721 trees. The proposed road only connecting few houses at the end and 1440 population submitted by the State Govt. seems incorrect, State Govt. may review the proposal and submit detailed justification of the requirement of the road.	Felling of trees in reserve forest area is of 721 trees. The total length of the road is 4.775 Km and connected to Andhiyargarhi -Sangaon which is the tok of Saur Village effected population by this road is 1440.
2	Justification of location the project in RF land is not satisfactory. Alternative alignment shown in Sol toposheet goes all around the proposed road. State Govt. may submit clarification in this regard.	The Second HP bend of proposed road situated at 0/32 and Second HP bend of Alternative alignment at 0/18 so proposed alignment differ from the Alternative alignment which is show in blue colour in toposheet and at the end point both alignment are different also.
3	It is mentioned in the Muck disposao plan provided in the hard copy that a 3.00 mtr wide forest road already exist along the alignment of proposed road but nothing has been mentioned to this effect in any other document. State Govt. may submit the details such as year of construction, length, width etc. of the existing forest road.	No any other forest road exist along the alignment. for the muck disposal only Nap land will be used.

अतः अनुरोध है कि अपने स्तर से वन भूमि हस्तान्तरण प्रस्ताव स्वीकृत कराने की आवश्यक कार्यवाही करने की कृपा करें।

भवदीय,
