5	As intimated earlier, a road is passing through the forest land wherein a component i.e. Upper Reservoir has been proposed. In this regard, a plan/ map showing the alternative roads which will be available for use by the villagers during & after completion of the project has not been submitted. This needs clarification.	<ul style="list-style-type: none">The Kutcha Road visible in Satellite imagery from Kaloni village to nearby agricultural lands passing through forest area is a temporary path/road being used by villagers. This is not a permanent road. However, after the private land acquisition is done for the project upper reservoir, this road will no longer be required.Apart from the above mentioned Kutcha Road, villagers use various access roads/routes (passing through non-forest/private lands) for accessibility as may be seen from the image enclosed at Annexure-A. In view of the above, due to project execution, accessibility of villagers will not be affected/obstructed.

Thanking you,
Yours faithfully,

For Greenko Energies Pvt. Ltd.
