

## SITE SPECIFICITY REPORT BY DIVISIONAL FOREST OFFICER

It is certified that the proposal for diversion of 2.8736 ha. forest land for construction of Mini Secretariat at Jhandutta in favour of Deputy Commissioner Distt. Bilaspur, within the jurisdiction of Bilaspur Forest Division, is essentially site-specific project. The proposed site is suitable for the above project as it is already connected with the existing road as such no additional land is required for C/o approach road and proposed location is adjacent to Jhandutta Bazar which is easily accessible from all points as it covers large population of Jhandutta Sub Division.

The site covers minimum forest area and involves a limited number of trees and saplings. There is no private or other non-forest land available in the vicinity for the purpose, and minimum use of forest land has been taken in this project.

The land proposed for diversion is bare minimum and necessary for the project, emphasizing accessibility and minimal environmental impact.
