SITE INSPECTION REPORT OF DPDA OF DFO GOLAGHAT

The proposed development of DPDA of ONGC are located inside Doyang Reserve Forest under Jamuguri Range was inspected by the undersigned and ONGC Officers, Chinnamora, Jorhat on **05/11/2019** and report thereof furnished as under:

The diversion area is 2.16 ha (SUAA) was made available during 2015 is open Forest inside Doyang Reserve Forest. During my inspection no rare/endangered/unique species of flora and fauna was found in the area. The proposed development and drilling proposal is nonlinear project. The project aims to development and drill 1 no of new well **DPDA** within existing site of **SUAA** No extra land is required to drill new well. FC for existing well **SUAA** is available and the land is still in use by ONGC. The said well will be developed and drilled as oil and gas well. Total period for which the forest land was proposed to be diverted is (in years) 15 years.

There is no wildlife present in and around the forest land proposed for development. The proposed site is not a part of National Park, Wildlife Sanctuary, Biosphere, Tiger Reserve, Elephant Corridor, Wildlife Migration Corridor etc. The proposed development site is not located at within Eco-Sensitive Zone of the Protected Area notified under Wildlife (Protection) Act. 1972 and no any water body is seen in and around the proposed site.
